Seen & Heard Around MURRAY

A nice letter from Farmington on the long marriage subject.

No name is signed but the writer says he has been married for 51 years and has a fine group of children.

"People lived together in all the years money was not plentiful," he writes. He also says that children keep people together.

The writer also says "you believed all that was told you" in other days. Also women make their own money now which adds to the divorce rate. He concludes by saying that 1930 was a rough year.

He may have something there. If a woman is dependent on a man and has a house full of children, it would make it difficult to part company.

Anybody else?

Cap Edmonds in the office yesterday. One of the latest fellows you would ever want to meet. Says he is retiring, or rather, already has. Good luck to Cap, a hard driving fellow who deserves the rest.

The passing away of a great aunt who performed with the Redpath Chautauque brought to mind the Chautauque days, which many young folks never heard about.

The Chautauque was the television of the day and brought all manner of cultural things to small towns which otherwise would never have seen anything of that nature.

Sometimes they had plays like "Shepherd of the Hills" and at other times would present Shakespeare. Sometimes reading, lectures, poetry recitals would be given.

When we say it was like television that would be unfair to the Chautauque, because its cultural value exceeded the TV of today.

The last Chautauque we saw as a boy presented Shepherd of the Hills and a big storm came up in the middle of the performance. The rain came and the wind blew but the performance went on to completion.

Lynn Grove PTA To Meet On Monday

This is just part of the two-hour long production "Sigma Capers '65" scheduled for tonight and Friday night at the Murray High Auditorium at 8:15 p.m. Tickets are on sale at the door. Costumes used in the production are of the type used in New York productions.

Mrs. Johnson One Of Three Judges

Mrs. Russell Johnson of the Style Shop, Murray, was one of three judges named to select the "Shield Queen" in a beauty contest at Murray State College.

Kay Poindester, a freshman from Russellville, was named for the title after being selected as one of five finalists by the panel of judges.

The five finalists were chosen from a field of 36 coeds nominated by the staff of the "Shield", the campus yearbook.

Mrs. Johnny Bohannon, the former Toni Burdett, daughter of Mr. and Mrs. Clinton Burdett of near Kirtsey, was the "Shield Queen" last year. She and her husband now reside at 1517 Johnson Boulevard, Murray.

The three judges in this year's annual beauty contest were John Benson, Nashville publisher, Kenneth Wells, manager of Wells Studio, Mayfield, and Mrs. Johnson of Murray.

Tobacco Is Stolen From Local Farms

Three Calloway County farmers and one Marshall County farmer have reported the theft of about four hundred pounds of tobacco each from their stripping houses to Calloway County Sheriff Woodrow Rickman and Marshall County Sheriff Sam Myers.

The first theft was reported about the first of December by Harford Cooper of Murray Route Four. Ellis Ross Paschall of Murray Route Four and Harrell Broach of Murray Route One reported the tobacco thefts as having occurred on December 30.

The Marshall County theft was said to have occurred from the stripping house of Terrell Darnall of Hardin Route One.

Rickman said the theft victims feel that the total amount of tobacco taken would fill the back seat and trunk of a car. The tobacco had just recently been stripped and booked down at the stripping houses with the closest one to one of the homes being about a quarter of a mile. The leaf taken was all of top grade.

The sheriff said that the tobacco can be sold on the market if the person or persons have a tobacco card; but if they do not, the tobacco will have to be bootlegged.

Local Elderly Housing To Be Ready Soon

The Elderly Housing projects here in Murray are nearing completion according to L. D. Miller, Executive Director of the Municipal Housing Commission. The projects, located on Ellis Drive, directly west of the Murray Drive-In Theatre and at Pine and Second streets are 82 per cent complete.

E. S. Ferguson, Superintendent of the Murray Electric System, will turn on the power of the all electric projects in the near future. Twenty-six units are located on Ellis Drive and four are at Pine and Second streets.

Completion of the project costing \$289,000, has been set for June 5, however, the opening date is now expected to be in April because of the mild fall and good work by the construction firm Halton and Cope of Benton.

The units range in size from zero-type bedrooms to two bedrooms. They are all electrical with electric stoves, electric ceiling heat, and electric refrigerators. The cost to the tenant will be a minimum of \$7.20 per month plus shelter rent.

Having 150 applications for the 30 units, the commission feels that the project can be readily filled the first day.

The Murray Municipal Housing Commission consists of: Mayor Holmes Ellis, William G. Nash, L. W. Paschall, E. W. Riley, Buford Hurt, and Executive Director L. D. Miller, Jr.

Europe Still Memorializing John Kennedy

By PAUL R. ALLERUP

United Press International

LONDON (UPI) — One year after
his death Europe still is eulogiz-
ing and building memorials to
John F. Kennedy. But something
else endures with the tributes to
the slain American President —
a persistent doubt that the full
story of his assassination has been
told.

In scarcely a country is there
complete acceptance that the facts
of the Dallas murder are just as
stated in the findings of the Warren
Commission.

Officially, no government can
or would dispute the investigative
findings. The doubt lingers and
runs deep, nevertheless, among
people.

United Press International sent
reporters into the streets of cities
in Britain, Europe and Africa in-
cluding the Midwest seeking com-
ment on Kennedy's life and death
one year after the tragedy of Dal-
las on Nov. 22, 1963.

Voices Doubt

Typical of responses was one
from Frank Weston, a 32-year-old
district court clerk in Munich,
Germany. "I will go to my grave
sure of two things," he said. "That
John F. Kennedy was a great Pres-
ident for America and for the
world, and that we never will know
the true story of what lay behind
his murder."

"I cannot be wholly satisfied
with the Warren report. It ignored
too many things, including the moral
climate of the South and other
intangibles," he said.

In different words, the doubt
was voiced in Cairo by another
clerk, Abdel Aziz Mikhail, 31, em-
ployed by a bank. "It is not pos-
sible for me to believe that 'Lee
Oswald fired the three shots, hit
the rifle, missed, downed four flights
of stairs and got himself a coke
all in three minutes, even if the
Warren report did seem satisfied
with the police explanation that
this was so.'"

On the island of Tel Aviv in
Israel, people approached were un-
willing to comment by name on the
official assassination report. But,
assured of anonymity, many Is-
raelis agreed to voice their views
and "ran" to a pattern not
found elsewhere.

Enforce Security

"We are not sure that the report
told the whole story, but does this
really matter? Let us not dwell
on what happened or even work it
happened but make sure it can
never happen again. All the se-
curity recommendations of the re-
port—and more if necessary—
should be enforced. Let the world
remember Kennedy," all we do, for
what he tried to do."

PLENTY OF SPACE

He Foresaw Popularity Of Bonanza

By GERALD S. SNYDER

NEW YORK (UPI) — A popu-
lar television show helped convince
businessman Donald Pruess that
a "western trend" was evident in
the country back in 1960.

So Pruess, a student of trends,
went into the restaurant business
and today, still riding the trend,
sells steak houses.

It didn't happen as quickly and
as easily as all that but Pruess
says the market was there. All
that was needed was someone to
prod it.

Pruess chose the suburbs of
large cities. "Steak is the most
stable eating out food," he explained.
"The idea was to start a west-
ern style steak house catering to
the whole family."

Bonanza meant plenty and there
were plenty of things western all
around, he said. "It started with
Davy Crockett and coon skin hats,
and Disneyland, frontierland and
now even LBJ."

Bonanza stein pits, headquar-
ters in Eastchester, N.Y., under
the name International Franchise
Corp., has restaurants in suburban
centers of Florida, Tennessee,
Maryland, New Jersey, New York,
Connecticut and Pennsylvania.
Business will exceed \$6 million in
the current fiscal year.

Pruess, with a partner, opened
his first outlet in Westport, Conn.,
12 months ago. But he started re-
searching the prospects for the
business as far back as 1960. Now
he's opening new steak houses on
an average of one a week.

He even boasts a "Bonanza uni-
versity," in White Plains, N.Y.,
which he says in a two-week course
teaches franchisees "to run good
clean shops."

Born in Oregon

Pruess was born 44 years ago in
Grant's Pass, a little population
4,000 Oregon town near the Cali-
fornia border. "We lived on a
farm and raised a small herd of
cattle. I can remember during the
depression bartering the cattle to
pay for the necessities," he said.

At age 7, Pruess began selling
magazines door-to-door and he
went on to numerous other jobs,
from working as a forest ranger
and selling football equipment to
serving as the board chairman of
Ester Williams' International
Swimming Pool Corporation.

Pruess is constantly on the go.
He sleeps only six hours a night
and gets up at 5 every morning.
"That's when I do my planning so
that the day is used for execution,"
he says. "Success is a matter of be-
ing able to keep your equilibrium
when things are moving at a fast
pace."

"It comes with hard work, long
hours, guts and gumption," he said.

TIES WITH REDS
SANTIAGO, Chile (UPI) — President Eduardo Frei's government must establish diplomatic relations with fled Czechoslovakia this week; it was reported Wednesday.

CONGO VICTIMS LISTED
VATICAN CITY (UPI) — At least 95 Catholic missionaries have been killed in the Congo since the country became independent June 30, 1960, the missionary news service Fides reported.

Fides said the victims included one bishop, 9 priests, 13 brothers and 22 nuns.

Transfer of the land in the refuge will bring more than the third of the acreage within the project under TVA custody. Acquisition of the entire 170,000 acres is scheduled for completion by Jan. 1, 1968.

Two small constant-level lanes already have been built by TVA in the refuge area, and plans include a conservation education center to be built on a wooded point overlooking the future Lake Barkley, near the present headquarters of the wildlife refuge.

Sites on the tract have been chosen for camping areas, but most of the 58,000 acres will continue to be used for wildlife management.

Third Of Junk Yards In State Obeying Law

FRANKFORT, Ky. (AP) — State Highway Commissioner Henry Ward said today that despite six months of enforcement efforts, only about one-third of the junkyards in Kentucky have complied with the state's law requiring that they be screened from highways.

Ward said that better compliance was necessary. From July 1 of last year, when enforcement of the law began, to the end of the year, 283 of the state's 868 known junkyards erected screens.

Ward said that 57 per cent had submitted applications for permits during the six-month period, along with the required plans for screening.

The highway commissioner said the number of junkyards in the state declined from 997 at the start of 1964 to 868 in June, but that most of those that disappeared were small operations with only a few junk vehicles. Operators of most of those apparently did not feel it was worthwhile to build screens or pay the \$50 permit fee.

Paul Sturm On TVA LBL Staff Now

KNOXVILLE, Tenn. (AP) — Transfer of the Kentucky Woodlands National Wildlife Refuge from the Bureau of Sport Fisheries and Wildlife to the Tennessee Valley Authority was announced today, to take effect Jan. 18.

The transfer is a step toward making the 58,000-acre refuge, a part of the Land Between the Lakes National Recreation Area in western Kentucky and Tennessee. Formal transfer of the land to TVA is scheduled for March 1.

Paul W. Sturm, who has managed the Kentucky Woodlands Wildlife Refuge since 1959, will become a member of the TVA staff for the Land Between the Lakes project.

Transfer of the land in the refuge will bring more than the third of the acreage within the project under TVA custody. Acquisition of the entire 170,000 acres is scheduled for completion by Jan. 1, 1968.

Two small constant-level lanes already have been built by TVA in the refuge area, and plans include a conservation education center to be built on a wooded point overlooking the future Lake Barkley, near the present headquarters of the wildlife refuge.

Sites on the tract have been chosen for camping areas, but most of the 58,000 acres will continue to be used for wildlife management.

Still In Race Coach Luther Says Today

Murray State's Racers, squeezed out in all three of their Ohio Valley Conference games thus far, are a long way from being out of the championship race, according to Coach Cal Luther.

"We haven't lost at home yet," Luther said, "and until we do, we're very much in the race. We lost three games early last year — one of them at Murray — and still won the championship."

The Racers losses have all been on the road. Two of them, to Western and to East Tennessee, were by one point. The other, to Tennessee Tech, was by two points.

"We played good basketball in all three games," Luther said, "and against Tennessee Tech, we may have played our best game of the season." The Racers hit 61 per cent of their field goal attempts in scoring 50 points against the Eagles in the second half, only to be edged out in the final seconds.

The Racers will play Eastern Kentucky at Murray Monday night — their first game at home since Dec. 14. Since last playing here, they have won the OVC Christmas Tournament, and were runners-up in the Sun Devil Classic at Tempe, Arizona.

The Eastern Maroons are currently tied with Western Kentucky for the OVC lead. However, the tie will be broken before Monday's game as the two play at Western Saturday night.

Now 8-5 for the season, the Racers have averaged 78.6 points a game and have hit a hot 48 per cent of their field goal attempts. Leading scorer on the team is Stewart Johnson with a 19.8 average. John Nancie has averaged 18.2 points. Herb McPherson 16.0, Gene Penitton 10.8, and Bennie Gibson 8.6.

Johnson also leads Murray in rebounding with an average of 12.5 a game. McPherson leads in both field goal and free throw shooting with percentages of 51 and 80.

Wesleyan Has Good Picture Of Why Evansville Is Top Team

Kentucky Wesleyan's Panthers had a pretty clear picture today why Evansville rules as the nation's No. 1 small college basketball team.

The Panthers staged an all-out effort against Evansville in their game at Owensboro Wednesday night, and had the score tied six times in the first half—but when it was over, Wesleyan's two top men had fouled out and Evansville had a fairly easy 82-67 victory.

It was the fifth in a row for Evansville in the heated cross-river rivalry, and the 14th of the season without defeat for the Aces. Wesleyan actually had a six-point lead late in the first half — when fouled out for the next five minutes and trailed at halftime.

Wesleyan held Evansville's Larry Humes, the nation's second ranking scorer in small colleges, to 25 points—nine below his season average—but the balanced Evansville attack was more than Wesleyan could handle.

In the only other Kentucky college game Wednesday night, Transylvania snapped out of a first-half slump to whip Centre at Danville, 91-71.

Transey took a 18-point lead over the erratic Colonels at one point in the first half, but let Centre close the gap to 41-37 at halftime. Mike Marks, who set a new scoring record of 47 points for Centre Monday night, was high man again with 27. Charlie Shipley with 31.

and Ronnie Whitson, with 18 paced Traney in its second victory of the season over Centre.

The schedule is slim again tonight as many schools are ineffective in semester examinations, but St. Francis of Loreto, Pa., moves into the state to meet Bellarmine, Georgetown is host to Hanover, and Belmont Abbey of North Carolina visits Campbellsville.

St. Francis, with a starting lineup composed almost entirely of freshmen and sophomores, went down before Xavier at Cincinnati Wednesday night, 99-87, its seventh defeat in 10 games, after meeting Bellarmine tonight. The Franks move on to Owensboro for a Saturday night clash with Kentucky Wesleyan.

Dear Abby . . .

Technically Speaking!

Abigail Van Buren

DEAR ABBY: I know that, technically, my sister's husband is my brother-in-law, but does that make him my husband's brother-in-law, too? Also, my husband has three married sisters. I know that their husbands are my husband's brother-in-laws, but what are they, technically speaking, to me? And while I'm asking, are my aunts and uncles, too? And how about cousins?

JUST TECHNICAL
DEAR TECHNICAL: Technically, your sister's husband is YOUR brother-in-law, and your husband's brother-in-law is YOURS. Your aunts.

Woman's Society Of Goshen Church Has Regular Meeting

The first meeting of the new year was held Tuesday, January 5, by the Woman's Society of Christian Service of the Goshen Methodist Church at the church.

"Break Thou the Bread of Life" was the opening song by the group. Mrs. John B. Wilson gave an inspiring devotion and referred to the days of one's life as like an empty bottle on a shelf. She said it is what we put in them that counts and that can be either good or bad.

The title of the program was "Hearing God Speak Through The Bible" and was led by Mrs. Lennis Hale. Mrs. Darrell Wilson and Mrs. Groover Parker gave interesting facts and thoughts concerning the Bible, its contents, and how one should use it.

Mrs. Darrell Wilson, president, was in charge of the business session. The minutes were read by the secretary and the roll was called. A thank you note from Mrs. Otto Swanson was read thanking the society for the fruit she received at Christmas.

A letter was read from Mr. and Mrs. Beverly Bush, missionaries, who are pen pals of Miss Agnes Wright.

Mrs. Groover Parker was presented an honorary membership pin and certificate by the president. Mrs. Wright closed the meeting with prayer.

Thirteen members and two visitors were present.

RED CROSS BLOOD

Giving Red Cross blood is different now—because new plastic blood packs are being used and carry their own donor sets. Plastic sides of the packs "cushion" your blood cells, offer greater safety. Giving blood in plastic packs is a new experience. Try it. Call your Red Cross chapter—753-1421 and make a donor appointment. The bloodmobile will visit Murray at the Carr Health Building, Murray State College, on January 14th.

BAD BACK

DEAR BAD BACK: A lawyer can tell you whether you can sue or not. It sounds to me like a case of not enough backbone and too much wishbone.

DEAR ABBY: You told the girl whose "wonderful" fiancé insisted on driving 90 and 100 miles an hour that you hoped she looked good in blue. I liked your answer. I also had a "wonderful" fiancé who loved to speed. I knew it when I became engaged to him, but loved him too much to break off with him.

One night he was doing 85 on wet pavement and we skidded into a pole. My right leg was so badly mangled it had to be amputated near the hip. I was later fitted with an artificial limb, but I must use crutches, too.

After I lost my leg, my fiancé lost interest in me. He broke our engagement and married a girl with two legs. I have a good job, live in a nice apartment, but I don't have much fun. If it's true that "men seldom make passes at girls who wear glasses," it is true that men rarely make chitchats for girls who use crutches. While sick in love, seldom listen to advice, my exper-
